

Acknowledgement Form for students requiring Transport Assistance attending Curriculum Pathways Programs.

School Bus Services has modified its Student Transport Assistance Policy to accommodate students who are enrolled in Curriculum Pathways Programs (eg: senior colleges with special programs such as Manea College, Mandurah Senior Campus and Mindarie Senior Campus).

Ordinarily, to be eligible for Transport Assistance, a student must be enrolled at their Nearest Appropriate School. However, students who are enrolled in the Curriculum Pathways Programs will be transported to the nearest school offering these programs.

Schools enrolling students that require Transport Assistance, i.e. travel on an 'orange' school bus, will be required to have this form completed and subsequently signed by their Regional Executive Director.
